Replying to your letter of the 12th instant respecting S.E. 2-40-25 W. 4th I am directed to say that there is no seed grain claim recorded against the above land.

I might also inform you that according to the information obtained by an officer of the Department, you would appear to only have about 15 acres broken, and in crop, whereas, you claim 50 acres broken and 33 in crop. The Inspector, however, states that 15 acres of breaking would equal the amount required on ordinary prairie land, and this question of cultivation might possibly be accepted as satisfactory, but you will require to make an explanation as to why you claim 35 acres of breaking.

You will also require to furnish the Department with evidence that you have performed six months' actual bona fide residence on your own land or on land within nine miles of your homestead consisting of at least 80 acres owned solely by you, or on land owned by a relative, before the Department can be in a position to deal with your application for patent.

Balance outstanding on fodder lien for $205.00 dated 13th April. 1920. is $107.98. with 7% interest from the 31st August. 1927. payments of $9.06. 30th Nov.. 1920. $55.06. 28th Dec.. 1922. and $128.57. 3rd Sept.. 1927. having been received.

In a letter dated the 31st August. 1927. the Hon. George Hoadley. Minister of Agriculture. Edmonton. advised that Mr. Maughan. the debtor. had purchased the above land under agreement of sale. but owing to several dry years was forced to relinquish the same. and that the registered owners were endeavouring to make arrangements with the Dominion of Canada Investment and Debenture Co.. Ltd.. who hold mortgages prior to the liens in favour of the Department of Agriculture. there being. in addition to the fodder lien of $205.00. a seed grain lien of the same date for $218.75 The Cardston Investment Company. acting for the registered owners. offered the sum of $300.00 for the release of the two liens. in order that they might be in a position to arrange with the Mortgage Company to obtain a new mortgage to cover both properties. and on the recommendation of the Director of the Debt Adjustment Act. the Department of Agriculture. Edmonton. decided to accept this offer. the $300.00 to be divided pro rata between the seed grain and fodder liens. The payment of $128.57 received on the 3rd September. 1927. as stated above. is evidently the amount to be applied to the fodder lien in the pro rata division.

The debtor is reported to be farming in Montana. The Hon. George Hoadley asks this Department's consent to the release of the security for the fodder lien. in which this Department has a 50% interest.

Re H. W. Maughan,

Mr. J. H. Greenway,
Commissioner of Dominion Lands.

In reply to your memorandum of the 29th ultimo I beg to refer you to statement hereunder prepared in accordance with your memorandum of the 13th December.

Financial Controller.

The undersigned, therefore, in view of the recommendations of said Committee, and under and by virtue of the provisions of Section 1, of the Act 17, George V., Chapter 51, recommends that said payment of $300.00 divided on a pro rata basis between the seed-grain and fodder indebtedness, be accepted and that in consideration thereof, authority be given to release the North Half of Section 30, Township 2, Range 25, West of the 4th Meridian from the fodder lien for $205.00 registered against titles thereto as given in 1920 by H.W. Maughan in favor of the Crown under Power of Attorney from the then registered owner.

Respectfully submitted,

Minister of the Interior.

11

23rd April, 1928.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report that in the year 1920 one H. W. Maughan received an advance of fodder from the Province of Alberta in the extent of $205.00 giving as security a land lien against the North Half of Section 30, Township 2, Range 25, West of the 4th Meridian under Power of Attorney from the registered owner thereof. He also became indebted to the Crown in the sole right of the Province by way of an advance of seed grain made to him in 1920 in the extent of $258.75.

The registered owner has now paid the Province the sum of $300.00 with the request that those liens be removed from title to the North Half of Section 30, Township 2, Range 25, West of the 4th Meridian.

An investigation made by the Director of the Debt Adjustment Bureau of Alberta, a copy of whose report is attached hereto, discloses the facts, that the Dominion of Canada Investment and Debenture Company hold mortgages against the land in the amounts of $1500.00 and $2500.00 both prior to the crown liens, that the lienee had purchased under an Agreement of Sale but as a result of several dry years had been forced to relinquish and is now reported to be farming in Montana and that the registered owner through the Cardston Investment Company is endeavoring to make arrangements with the first Mortgagees to obtain a new mortgage in retirement of their's and desires a clearance of the Crown liens.

The Committee appointed by your Excellency in Council on November 22nd last, P.C.2200, to deal with the apportionment and adjustment of indebtedness incurred by way of advances of seed grain, fodder and relief, a copy of whose report is also attached, unanimously recommends, in view of the fact that the Crown liens have not priority to the first mortgage, that the sum of $300.00 be accepted and divided on a pro rata basis between the seed-grain and fodder advances, that the liens be removed from titles to the land quoted as security but that the debtor H.W. Maughan be held responsible for the balance due under his personal covenant with collection undertaken by the Province.

It is respectfully requested this office be informed if there exists in your Department, a record of one ROBERT LEISHMAN, of Cardston, Alberta, Canada, obtaining a patent to land, located about three miles from said town. He is alleged to have emigrated to Canada from the United States about 1893 and to have homesteaded. The subject was born in Scotland, subsequently emigrating to the United States, date unknown.

Re: S.E. 10-1-[illegible]-W.4th M.
Thomas Leishman.
Your reference - 118/260.

I have your letter of the 14th instant, and in reply beg to state that we have no record in this office of one Thomas Ramsay Leishman.

It is noted that one, Thomas Leishman of Cardston, Alberta, filed on the S.E. 10-1-2-W.4th M. on the 11th February, 1910. When filing he stated that he was single, 29 years of age and was born in the State of Utah in the United States of America. Although he claimed birth in the United States of America he maintained that he was a British subject. Mr. Leishman completed his entry for this parcel of land on the 10th October, 1910, stating that he could not make a living on it. I am unable to state whether the said Thomas Leishman obtained another entry of Dominion lands.

I also have record of one, Allen Ramsay Leishman, who obtained patent for the S.E. 30-2-25-W.4th M., bearing date of the 12th March, 1931. This Mr. Leishman was also residing at Cardston, and in support of his application for patent furnished a certificate of naturalization into the 23rd November, 1931.

It is also noted that information was furnished you regarding one, Robert Leishman, in my letter of the 28th May, 1935, your reference 118/260.

If the above information is not what you desire, it will be necessary for you to furnish me with a description of the land Thomas Ramsay Leishman filed on by section, part of section, Township, Range and Meridian.

Dear Sir:

In november 1909 I filed an entry on a home-stead near Wetaskiwin in Alberta under the five year plan. this plan required that homesteader plow five acres the first year & in the second year crop said five acres & plow ten acres audditional I complyed with the first condition but I have failed to put five acres in crop this year up to the present time. I have been informed by Local land at Wetaskiwin that an application has been filed to have my entry cancelled. he did not say but I supose on the grounds of my failure to plant said five acres in crop now I intended to carry out the prescribed duties fully & have as far as I could This Spring I made every effort to get to Alberta with my family overland but owing to the lateness of the season I could not get off till it would have been to late by the time I would have got through to have sown in time to produce a crop so I give up the Idea of going overland & decided to go by rail this was about the first of june. then the high waters came stoping railroad travel on the lines over

which

which I would have to pass. By the time the road's resumed business it was again to late for me to get through in time to put in a crop in time for it to mature. It seems to me that my delay was unavoidable & that I should not loose the homestead on account of something I could not help. I can furnish proof to the claims I have made. I filed on this piece of land in good faith to make a home of as I had none elsewhere. & I don't want to loose it if there is any way of helping it. So I appeal to you to give me a hearing in the matter and oblige

Yours Respectfully

(Sd) C. A. Moore.

Mr. J. J. Smith

3713.96

The 5th January last my son Victor Lemoir wrote you about the S.W. 1/4 Sect 22. Tp 46 R 24 W 4th, with the intention to make application to cancel - the Land Office at that time being not open at Wetaskiwin -

My son having gone away the 6th April following I have myself made application about the 15th April, the notice was put up the 6th May following I therefore kept note without ever going back to see, expecting to get news from the Agent at Wetaskiwin or from somewhere else - I never heard anything, only that the individual gentleman permitted himself to say that it was myself who had applied to cancel that land, but I admit to you that desiring greatly, that nobody would know anything, I have always denied it -

The 4th July the 60 days notice had lapsed: the 24th was from the 20 days that were to be given me to enter the land. but receiving no news whatever in order that

no body

Nobody would suspect that it was me who had made application for said land, I presented myself on the 25th, it is to say on Saturday last, to learn what was the result, this is the way the agent answered me; ("But why have you any need to trouble yourself of that land, there is not for $875 of improvments on that land") of course I answered him: Sir, I do not ask you the price of the improvements I ask to know if I can enter the land for my own? No, that land is not cancelable - is that all I can learn? what do you need, you can not, pay that amount - Sir, it is your confidant + friend Larose I suppose who told you not to give me the information wanted, to whom you had permitted yourself the indiscretion to tell him that it was me who had applied to cancel that land. I will write to Winnipeg where I will find people more polite than you + who I am sure will be good as to give me more satisfaction - After that he read me a letter he had got from you I think -

So it is, Mr Smith that land is south of mine

on

371356

on the same section, I would be happy to have my son alongside of me & my son would be so glad to live near me - it is for that good reason that I will do everything that will have to be done to get it - as to Mr Pintras I believe that he will never come back on that land - it is simply an affair arranged with Mr Pintras & Larose in order to arrive to get the land, for the son of Mr Baxter first cousin to the wife of Larose & Mr Baxter will pay - if need be, 2. 3. 4. 5 time & more if wanted, the value of the improvements to get the land in view of speculation - With me it is not so, I want to pay according to the Law of Homestead the real value of the improvement, & nothing more -

In continuing with this affair, I would like to know if at the end of the year of absence of Mr Pintras, I would have to make a new application to cancel or if I would have the preference without applying again - Mr Pintras is gone from Nebraska since the 13 December last, his year will therefore be finished the 13 December next if I am well informed - If in case

case his year of absence is not ending the 13 December last- please to let me know the end of this time + please also to tell me if I am bound to make a new application to Council -

As to the indiscretion of the Consul at Malaga, I can not prove, but I am sure of so far I may, because only us two were in the office when I made application + neither friends nor relations learned from me that I had applyed - I am therefore sure that it must be [redacted] who told Jarose as he speaks of himself

I am while expecting your answer

Your most obedient servant

Reverend Sir,

I am directed to acknowledge the receipt of your letter of the 14th inst., in further reference to your Homestead, the S. W. ¼ of 2, 49, 21, W. 4th M., and in reply to say that it is quite impossible to grant you a free patent for the land until the homestead duties have been performed. The law requires a settler to reside upon and cultivate his land for at least 6 months in each year for 3 years, and there is no authority for modifying or altering these conditions in any way. According to the statements you make you have fulfilled the duties for two years, and the only suggestion that can be made, should you find it impossible to put in the remainder of the time, is that you might be permitted to purchase the land on as reasonable terms as may be possible. If you desire to do this, the matter will be considered on receiving from you an application to that effect.

Homestead Inspector,
Edmonton, Alta.

Reverend Sir,

Referring to the statement filed by you showing the duties you have performed upon your homestead, the S. W. ¼ of Sec. 16, Tp. 24, West 4th, I must say that under the most favourable interpretation you can only be considered to have fulfilled the duties for two years as it is assumed that you resided upon the land during the present month. If this is the case and you intend to continue in occupation of your homestead and so cultivate the land during the next six months counting from the 1st of March, you may be entitled to apply for patent and a copy of this letter is being sent to the Inspector for the Homesteader for his information.

Dear Sir,

I beg your pardon to cause you so much trouble. I could make some mistake, and some surname, I made some, in the report I sent to your previous - I was sick, in that time, in my room, suffering with Rheumatism. But the statement I send to you to day is right - by which you will see I made my entries on the Homestead in the year 1898-1899.

April, May, June, July -
August 12 days
September 11 days } 1895
October 11 days }
January 24 days
February 6 days 1897
and from the 7th February
I am proving for the
third year.
I might make more days in
my homestead in August,
September, October and
January, for the second
year, but those mentioned
in that statement I swear
them, and those days not
mentioned in those months I
was not out of the country,

Hoping that statement and
those explanations will

Department of the Interior,

Ottawa, 30th Nov., 1898.

Reverend Sir,

I am directed to acknowledge the receipt of your letter of the 22nd inst., in further reference to your homestead, the S. W. ¼ of 22, 46, 24, W. 4th M., and in reply to say that it is quite impossible to grant you a free patent for the land until the homestead duties have been performed. The law requires a settler to reside upon and cultivate his land for at least 6 months in each year for 3 years, and there is no authority for modifying or altering these conditions in any way. According to the statements you make you have fulfilled the duties for two years, and the only suggestion that can be made, should you find it impossible to put in the remainder of the time, is that you might be permitted to purchase the land on as reasonable terms as may be possible. If you desire to do this, the matter will be considered on receiving from you an application to that effect.

I am, Reverend Sir,

Dear Sir.

You left (May, 22d enclosing application for a Homestead Entry by Mr. J. J. Larson of Petaluma to be forwarded to the Secretary of the Dept of the Interior.

In reply to your enquiry I beg to say, that while my personal knowledge of Mr Larson is somewhat limited having spoken to him a few times on Creamery matters, I received a very favorable impression of him, as an industrious man and desirable settler. He takes a great deal of interest in the Creamery work, being a patron who commenced on a small scale, but is increasing his supply of cream each season & is proud of it. From my limited knowledge of Mr Larson I should judge him to be a deserving old gentleman.

Yours truly

Dear Sir,

I have your letter of the 16th. instant enclosing communications from Miss Lenoir and her father, Mr. Desire Thomas Lenoir of Wotaskiwin, in which the request is made that Miss Lenoir may be permitted to make a homestead entry in her own right. In reply I beg to say that I do not see how Miss Lenoir can be considered as the actual head of a family, within the meaning of the Dominion Lands Act, as her father is still living and was already obtaining a homestead. I may say further that a son of Mr. Lenoir also obtained a homestead entry a short time ago. I have no doubt that Mr. Lenoir's letter discloses all of every possible consideration, but there seems to be no justification whatever for granting the request in this case.

Dear Sir Wilfrid,

I have your letter of the 17th instant enclosing letters from Mr. Desire T. Lenoir of Wetaskiwin in regard to the application of his son for homestead entry for the South West quarter of section 22, Township 45, Range 24, West of the 4th Meridian, in which he makes complaint as to the valuation placed upon the improvements on his land. In reply I beg to say that there were a number of applicants for entry for this land, and the condition upon which entry was granted to Mr. Lenoir was that he should pay the value of the improvements. The Homestead Inspector visited the land on the 25th of May last and valued the improvements at $175.00, at the same time stating in his report that he thought there would be no difficulty in getting the above valuations. The valuation which Mr. Lenoir himself puts upon the improvements is certainly very low, and I hardly think the Homestead Inspector could have made such a grave error in his estimate, but I will have the matter looked into again.

Yours faithfully,

The Right Honourable,
Sir Wilfrid Laurier,

It has been found necessary to open a public road along the Southern Limits of sections 22 & 21 in Tp 46, R 24, West 4 M. This is necessary to provide access to a large number of settlers on the road running along the Northern limit of said sections. Can same be done without a private action being taken?

The owners of property holding town lots given free of charge a strip of land each, 33 feet wide along the proposed road on the said sections, 22, 21, 24, West 4 M. but recently, have withdrawn same. Honorable premier Ministre

Premier M. Laurier

Ci-joint réponse faite à ma lettre du 23 juin dernier, ce que je pensais avoir une terminaison plutôt de la chose en litige dont j'en ai été informé le 7 de ce mois. Enfin j'ai eu beau attendre je n'ai rien, l'argent est pas justice. En conséquence je me retourne par la terre: celui qui vendra. Si le gouvernement veut me payer les appointements fait sur cette terre (et dont j'ai le certificat depuis août) à la demande que l'on a voulu sur la terre en question je serai assez généreux pour lui remettre la terre; pensez que nous sommes déjà dans les États. Mais nous pouvons de ma famille et moi ensemble.

En attendant je vous reste toujours obligé et vous conserverai en ma mémoire de la bonne recommandation que vous avez bien voulu faire en ma faveur au Ministre de l'Intérieur, tout en regrettant cependant de voir que l'on ne pas fait l'estime de l'esprit qu'il devait avoir.

Si le gouvernement se décide à me payer la valeur de mes appointements fait sur ma terre en addition de la valuation faite des appointements fait sur le 4 août dernier je serais heureux que cela puisse se faire immédiatement car je dois rendre ce lot de terre aussitôt que possible.

J'ai l'honneur de l'honorable premier ministre l'humble serviteur.

Referring to your letter of the 1st ultimo addressed to the Prime Minister I am directed to say that it is quite impossible to entertain your application to change your homestead, Sec. 1. 4 of No. 4, 21, 1st, 5th, for a hay land improvement lot soon to be offered by the Government in lieu of the improvements upon the South-West quarter of this section, which you say you desire to surrender. The first mentioned quarter section has been valued by the Homestead Inspector, the amount of the valuation being $175. The Department is informed there are other applicants for the land and are prepared to pay this amount, so if your son desires to secure the entry he will have to pay the amount mentioned, together with $10 in fees on or before the 1st of December next. Will you please notify the Local Agent in Edmonton as soon as possible whether your son intends to accept the terms mentioned, as otherwise the land will be given to the next applicant.

And whereas, the certificate granted to the said George Blasko under the tenth section of the said Act, has been duly presented to me and has been filed of record pursuant to the said Act, and the Order-in-Council approved by His Excellency the Governor in Council in that behalf.

This is, therefore, to certify to all whom it may concern that under and by virtue of the said Act, George Blasko has become naturalized as a British subject and is, within Canada, entitled to all political and other rights, powers and privileges and is subject to all obligations to which a natural born British subject is entitled or subject within Canada, with this qualification, that he shall not, when within the limits of the foreign state of which he was a subject previous to the date hereof, be deemed to be a British subject, unless he has ceased to be a subject of that state, in pursuance of the laws thereof or in pursuance of a treaty convention to that effect.

Given under my hand and the seal of the said Court this eight day of June, one thousand eight hundred and ninety-six.

Dr Sir

I send the following particulars of a case in which I am interested, and on behalf of my Brothers Widow and child, who have been left unprovided for; unless Land in Canada belonging to my brother can be sold [illegible] previous to my brothers death which occurred on Oct 11th 1902. I wrote to the Office named on the Deeds, expecting to get a reply. Not however hearing, I am writing to the head Authority with the hope that upon learning the facts of the case you will direct that

that information may be sent, as to whether it is possible to realise any money upon it.

We cannot understand the Wisdom providence, and it is hard to see our loved ones cut off in the prime of life, and hopes blighted. It was my brothers wish to return to Canada, and take his wife with him, it was however [illegible]. He was a noble fellow, but success from a mundane point of view was not his.

He gave up his profession as a Schoolmaster after passing through St Johns College Battersea 1884-1886 and went to Canada in May 1890. Returned to England in December 1896. Some time after coming back he married and went back under the Incorporated School Board, when he was previous to going ~~to going~~ to Canada.

He had to resign in August 1901 through ill health after an attack

Sir,

I beg to acknowledge the receipt of the statement you have filled in in support of the notice given of intention to make application for patent for your homestead, the N. E. ¼ of 10, 36, 22, West 4th, and am to say that you appear to have done very little if the way of a compliance with the ~~homestead~~ duties. You are, no doubt, aware that the law requires at least six months residence in each year while apparently you have only lived on your homestead one month in 1896, two months in 1897, two months in 1898, and one month in 1900. If you are still residing on the homestead and intend complying with the law the Agent will advance the cancellation proceedings but you cannot be in a position to apply for patent until the expiration of three years from April last.

There is no law in the province of Alberta governing the construction of private ditches, but one was introduced during the last session and, I am informed, will be re-introduced at the next session and passed.

I think that Mr. Lee had better wait until such law is passed, and then construct his ditch under its provisions. After this has been done, I assume that there will be no objection on the part of this Department to issuing a supplementary patent to him for the balance of the section, provided it is reclaimed under the Provincial Drainage Act.

I am directed to acknowledge receipt of your letter of the 13th October last, and in reply I beg to say that, r.Lee may be informed that there is no law in the Province of Alberta covering the construction of private ditches, but one was introduced during the last session of Parliament and will probably be introduced at the present session and passed. Victoria Feb 11th 1903

To the Commissioner of Indian Affairs

Dear Sir, 74928 1

758065

I'll have to write a short letter as my eyes are affected in the pen-ends, I am still some sick with it - last year I only got 20 acres on this Reserve to put up some hay & grain, but I have also rented 30 acres of land adjoining, and cut it last year - I came over to Victoria Dec 1st and am now going back to Cowichan tomorrow, I did not get Enoch home here and put in 4 horses & implements with the boys in Alberta, it requires time & care and money to stock themselves but as far as I can make out they have done well together as they needed, when Enoch would get his horses & implements he left it at that & left to earn money & get his implements home - he has been there 2 months each year - for 3 years in succession but the trouble is we do not have necessary implements alone only about 2 acres in crop each year & cannot do more for his home it does not seem to interest him to stay on the place but as we were all working together and we got on well through when there was so many hands - we are now the first in there and when he left us this time we thought it would be alright to get the implements home next summer - Enoch since he went away to work there has been made an application to have it cancelled

I did not know of any trouble in title about 2 weeks ago and I wrote Richie about it. In his reply was he was surprised about it thought it was right when we had put in more than his time. I finish improvements next summer and my letter was the first notice he had of it being contested. He said he would write the Agent at La Ronge & Red Deer - in the meantime I wrote Lent at La Ronge and his advice was to me to write you & state the case and to ask you to state the procedure under the circumstances as you understand it. As the delay is not much time is a cost please reply at once also write Agent at Red Deer or La Ronge if there is any thing for me. It is a bad job for the boys to come this place after coming through the country it is a bad pretty rough at best. If he is allowed to stay hold it & will see that his improvements is done next summer as I am at present getting out the logs for improvements & to cut with about 2 more. I will guarantee the improvements will be done as to please & hold it for the boy and notify the Agent not time at once so time is precious If I had from in time I would have wrote you sooner please excuse this long delay but must be excused as you will see the situation and help Richie when it only lacks the improvements completed which will be done without fail —

Trusting you will grant this favor.

I remain Yours Sincerely

Copy to A.D.L., Edmonton.

OTTAWA, 14th September, 1926.

Sir,-

¼ S.E. Sec. 2 Tp. 55 Rge. 21 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Acting Commissioner
of Dominion Lands.

Office of the
Superintendent of Mines,
Calgary, 15th April, 1896

Letter No.10812
Ref.No. 10797

Sir,

See yours of the 6th instant, Ref.330121. I know of no reason why the island in question should not be sold to Count de Caze; but before the sale could be carried out it would be necessary for him to have a survey of the island made and tie on to some located point, which in this case would be some lot in Lac Ste. Anne Settlement. This would cause considerable outlay on his part and there would be a possibility of the survey disclosing facts which would render it inadvisable to dispose of the ~~land~~ island, which , however, is not likely. I would suggest that he be advised respecting the necessity for a survey being performed and also of the risk attendant upon such an undertaking, which, however, as before stated, I consider a very small one; he will then better be able to decide whether he would feel inclined to incur the outlay or no .

I am, Sir,

Your obedient servant,

(sd) Wm.Pearce
Superintendent.

Sir,

Relative to your letter dated 2[illegible] April 1890, No.330121, enclosing a letter from Mr.Superintendent Pearce upon the subject of my application to purchase an island at Lac Ste.Anne I beg to state that I have had the Survey made, and I have been told by Mr.R[illegible]an the Edmonton Dominion Lands Agent to write direct to the Department for it.

Not knowing the price per acre the Department want to charge me, I would inform you that the surveying cost me about $30, so I would like to get some reliable per acre on the land in question.

I should be glad if this matter could be arranged at an early date as I wish to commence some buildings on this island next June. I understand that Mr.Chalmers D.L.S. who was the gentleman who did the surveying has duly reported on it to the Department.

I am, Sir,

Yours respectfully,

Chs. de Caze.

Sir,

On the 26th March, 1890, the Count de Caze, of Edmonton, applied to purchase a small island in Lac Ste. Anne, close to the mouth of the Sturgeon River, which he states contains an area of about 3 or 4 acres. I understand this island is not marked on the map as having come under survey. Attached hereto will be found copy of a letter from Mr. Superintendent Pearce, dated the 13th April, 1890, respecting the application in question, and I also enclose copy of a further communication from the Count dated the 2nd instant, from whin you will see that he has had the survey made referred to in Mr. Pearce's letter, and the report of the Dominion Lands Surveyor has apparently been sent to the Department.

MEMORANDUM.

John P. Hall, Esq.,

Secretary, Dept. Interior.

Mr. Pearce referred here through the Commissioner an application by Count de Caze to purchase an island at Lac Ste. Anne. The Count had the survey made at his own expense by D. L. S. Chalmers at a cost of about $50, and asks a rebate on the price ~~of~~ that account. The Surveyor General reports that the island will be shown on a reprint of the plan of Lac Ste. Anne Settlement, which will be ready in about three weeks. The area of the island is 12.87 acres. Mr. Pearce stated that he saw no reason why the sale should not be made. I presume therefore that the sale may be carried out.

Any special leave of absence that may be granted shall not count as residence.

At time of entry the homesteader is required to elect in what manner allowed by law he intends earning a patent for his homestead, and he must thereafter fulfil the prescribed duties in such manner or forfeit his entry.

Any assignment, transfer, mortgage, or charge, or any agreement to assign, transfer, mortgage or charge any homestead right or any part thereof, before the homesteader shall have received a certificate of recommendation for patent, is prohibited, and renders such assignment not only void as between the parties but also renders the entry liable to be cancelled, and the person attempting to acquire the entry by such assignment, transfer, mortgage or charge forfeits all claim to obtaining another entry.

Answer.

Answering the general report as part of this tree is in many places valuable for its timber, I have made entry the suggestion that the applicant should obtain regarding quantity of timber was overlooked. but in his application he states of course that the land does "not to class open to homestead entry." I do not think that there is a greater portion in this township which is at the present time valuable for its timber.

NOTICE TO SHOW CAUSE.

Dominion Lands Office,

Calgary 25/8 1896.

SIR,

It has been reported that you are not complying with the provisions of the "Dominion Lands Act," in regard to the homestead for which you now hold entry, and you are therefore required to show cause, within sixty days from this date, why the said entry should not be cancelled.

I am to warn you that failing the production of satisfactory evidence by you within the time limited, cancellation may go by default.

To enable you to furnish such evidence on the points required in your defence a blank form of Statutory Declaration is herewith enclosed, which you will be good enough to have properly filled up, and, if possible, corroborated by two reliable and disinterested witnesses cognizant of the facts, and returned to me here after it has been duly completed.

It is desired that your statements shall in all respects be full and accurate, and that you shall be particularly careful to show clearly where you have been residing since you obtained your entry and exactly what you have done upon your homestead each year as to residence, cultivation and improvements.

I have the honour to be,

Sir,

Your obedient servant,

Sir,

In reply to your letter of the 16th inst., file 2.2.6½, I am directed to say that as the N.W. ¼ of 26, 2, 2, W. 4th M., is not a great way from Calgary it will probably be well to ask the Inspector to visit the land and report as to the value of the house thereon for which Mr. John Black has offered the sum of $5. There would appear to be no reason why the building should not be sold to him if the offer is a reasonable one.

Department of the Interior,

Ottawa. 30th June, 1898.

Sir,

In reply to your letter of the 24th inst., file 22366½, I am directed to say the cancellation proceedings taken in connection with the homestead entry of John McInnis for the S.W. ¼ of Sec. 23, 28, W. 4th M., are to be held in abeyance for a time to enable him to return to the land, but it will be well to take a note of the matter so that the Inspector may visit and report upon the land say about the 1st of September next.

Sir;

Referring to your communication of the 23rd instant, File 404939, requesting this office to instruct the Homestead Inspector to visit the S. W. ¼ of 34 - 23 - 28, west of the 4th as it is not a great way from Calgary. I beg to inform you that Mr. Thompson is north and will not return for sometime.

Are you sure that the Department has the right to sell the building before the land reverts to the Government? If the Department has not the right to issue a permit to cut hay under such circumstances, I cannot understand why they should be allowed to sell the man's house.. If nothing further is heard from Head Office regarding this matter, this letter will be taken as a ruling.

As to this ¼ section being cancelled, since forwarding Mr. J. O. McConnell's letter, Mr. McConnell has called at this office and produced Mr. McManus' letter to him. That portion of the letter in regard to his returning from Ontario is very definite and I think the land should be cancelled.

Department of the Interior,

Sir,

In reply to your letter of the 27th ultimo, File No 2656½ I am directed to say that the Department certainly has not the right to dispose of improvements upon land which has been entered, prior to the cancellation of the entry, and my letter of the 23rd June was not intended to convey any such impression.

In your letter of the 14th idem you ask to be informed what answer you should give to Mr Black who wished to purchase the shanty on the S.W.¼ 24--23--2 W. 4th M. after cancellation had taken place, and the reply sent you was intended to be acted on in that event.

With regard to the last paragraph of your letter you will have received the instructions contained in mine of the 30th ultimo to the effect that cancellation proceedings are to be held in abeyance for a time to enable the homesteader to resume occupation of the land. Please forward the Inspector's report when received.

Sir;

With reference to your communication of the 16th July last, File 404939, re S.W.1/4 pf 24 - 23 - 28, west of the 4th to Mr. John McManus at Wingham, Ontario, as no reply hasbeen received I am of the opinion that the land should be cancelled at once.

Sometime ago a Mr. John Black offered $ 8.00 for the shack on the place and on the 2nd instant a Mr. Samuel Smith offered $ 9.00 for the same shack. In case the land is cancelled to whom should the shack be sold, to Black or Smith ? I observe that this office was advised on the 23rd of June last, see your letter of that date, that as Mr. John Black had offered the sum of $ 8.00 for the shack there would appear to be no reason why the building should not be sold to him if the offer is a reasonable one. Mr. Thompson in his report states that the shack is worth about $ 7.00. You will understand the reason why the shack was not sold to Mr. Black was that it would not be sold until the land had been cancelled.

Dear Sir:

Re SW¼ Sec. 34 Tp. 23-28 4th Meridian

Relative to your enquiry as to when you obtained homestead entry on the above described land, I wish to advise that the records in this office indicate that application for entry was filed on the 16th of March, 1901, and that the patent was issued on the 5th of June, 1905, in the name of A. Young.

The Registrar, Department of Mines and Resources at Ottawa, has charge of the records covering patents issued prior to the transfer of the administration of the natural resources to the Province, and their file would, no doubt, show particulars regarding your entry and patent of this land.

Address your reply to the Commissioner of Dominion Lands, Winnipeg.

Winnipeg, Man. , 18 .

Sir,

Referring to your statement of the 5th instant, I have to say that it does not appear that you have put in the necessary residence in order to entitle you to patent for the S.E. of Section 12, Township 8, Range 27, West . In the year 18 , you state that you lived upon the land for seven months, namely from January to July inclusive; in 18 a similar portion, but in 18 you were only there from January to April inclusive. You are required to put in during the year the full nine months upon the land, after which you may submit your witnesses before the Inspector of Dominion Lands and apply for patent in the usual manner.

I am, Sir,

Your obedient servant,

Commissioner.

To the Commissioners of Dominion Lands

Dear Sir

I now write to you asking if I may have the privilege of taking a section of land in the stead of the one which I now hold. I have done the settlement duties required and have still to reside a certain time. I have failed to do so. I have cropped it in part and have land broke. I buy the seed grain each year as I have not raised any grain the first setting it. Each year so I thought that I would try and get one of the sections that is more suitable for raising grain. Now I could live on it but could not [illegible] the privilege of

returns for my hard labor. Could
I take another [illegible] and

the time I have left - more to go on the
other if not - I would not mind
as long as I could get a little enough
to sit - in rather high, level and
more suited for grain raising

to hear from you soon I remain

Ottawa,

Sir,

I am directed by the Commissioner of Dominion Lands to say, in reply to your letter of the 14th instant, that your request for permission to abandon your homestead, the [illegible] of [illegible], [illegible], [illegible], [illegible], and to have another entry, will receive consideration if you will execute a deed of surrender on the enclosed form. You will see that it is necessary that [illegible] should witness to your signature, who must take the affidavit of execution in connection therewith before a notary public or other person competent to receive affidavits.

I may add that in the event of your request being granted the homestead duties will have to be performed afresh. Work you may have done on your present land cannot be credited to you on the new entry. Sir,-

¼ N.E. Sec. 12 Tp. 35 Rge. 27 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

ENCLOSURE.

Sir ,

I beg to enclose herewith copy of a letter which has this day been addressed to Mr Andrew Lindgren respecting the W ½ of the S W ¼ 22 45 19 W 4 M Upon reconsideration it appears to me that that I have no power to cancel the location by John Lee notwithstanding the error in accepting his application for this land ; that the matter must be submitted to you and that I must await your instruction before taking further action . Attached hereto is also the last letter which was received from Mr Lindgren on the subject ,,as well a copy of my reply. In dealing with the Lee application on the 29th I did not go into the matter with sufficient care and erroneously took it for granted that Lindgren's letter of the 12th instant intimated that unless he could get 160 acres made up out of other land he would not accept this 80 acres : his decision , as you will observe is quite opposed to this conclusion . Will you kindly allow me to cancel the Lee entry for this half-quarter section and to notify Mr Lee or his transferee that the 80 acres covered by scrip note issued to John Lee as heir of Simon Lee , and ~~xxxxxxxxxx~~ numbered 5660 may be located , in the name of said Lee or of the transferee as the case may .

Sir,

By inadvertence on the 29th instant the Half-breed scrip application of John Lee was accepted covering the W½ of the S W ¼ 22 45 19 W 4 M : the receipt issued to Mr Lee was sent to the care of the Sub-Agent of Dominion Lands, at Wetaskiwin, and is now being recalled and the sub-Agent is being requested to immediately notify Mr Lee of this action and that the scrip entry must be cancelled. The application made by Mr Lee covering above land, together with the 80 acres scrip note which he intended to apply thereon are being retained in my office for the present. So soon as Mr Lee's receipt for this 80 acres location is returned to me you will be advised and then can return the $5 which my instructions require me to send back to you in the meanwhile. A postal order for this sum is enclosed herewith.

It was not observed when the Lee application was accepted on the 29th instant that your letter of the 12th instant declared your intention of making homestead entry for this land : it had been supposed that since you could not secure an additional 80 acres of some other section you would prefer to withdraw your application.

I won a piece of land along Dried Meat Lake in section 18, Tp.45, Rge. 19, W.4M. I intend to pasture it, can I fence down to the water so that I can put my cattle in. Some people say there is a high water mark, and I cannot fence down to the lake. Is this a fact? Please tell me if I can, or is this just a bluff. Will you kindly give me this information. Department of the Interior,

Ottawa. 10th November, 1897.

Sir,

You have recommended for patent, in the name of Frederick Wade, the North West quarter of Section 36, Township 34, Range 28 West of the 4th Meridian. This land was entered for in the year 1892 by the late Charles Wade, but the date of his death does not appear to have been given in the application for patent. If it is desired that patent issue to the deceased's personal representative, or representatives, it will be necessary that Letters Probate of his last Will and Testament, and also Letters Probate of the last Will and Testament of the late Kate Wade, be filed here. The copies of the Wills which have been filed here appear to have been made by Mr. Frederick Wade, and cannot be accepted. Only copies obtained from the proper Court, signed by the Clerk of such Court, can be taken. In order to save this trouble, if certificate of burial of the late Charles Wade be filed here, and prove satisfactory, then patent can, under the Amendment to the Dominion Lands Act of last Session, issue in the name of the said Charles Wade, deceased. Please communicate at once with those interested accordingly.

Sir,

With reference to your letter of the 12th ultimo, with enclosures, I beg to say that there is no necessity to file here the Letters of Administration issued in the Supreme Court of the North West Territories, Northern Alberta Judicial District, in the matter of the estate, effects, rights and credits of the late Kate Wade, as in any way affecting the North West quarter of Section 36, Township 34, Range 28 West of the 4th Meridian, as it appears that by the Letters Probate of the last Will and Testament of the late Charles Wade, issued in the Surrogate Court of Garda, County of Grey, Province of Ontario, that Mr. Wade, who in his lifetime entered as a homestead the said North West quarter of Section 36, devised to the said Kate Wade all his right title and interest in the quarter section in question, and it is not necessary therefore, under the terms of the Land Titles Act, 1894, that Letters of Administration of her estate be filed here. It is necessary, however, in order that the patent may properly be issued to the representatives of the said Charles Wade, that Letters Probate of his Will

This letter is to inform you, that I have taken an homestead in the year of 1891, the quarter been the S.E. 20, 56, 25 W 4th

ticket agent proving that
they were going to Alberta

would have half of

I have taken the ad-

At that time I did

My wife and children went on the homestead themselves. Of course the homestead was patented to my wife's name.

Now I would like to know if I could have the authority to file on an other homestead.

Sir:-

With reference to your application to acquire that portion of the S.W. ¼ of 28 - 9 - 26 west 4th Meridian lying between your present holding and Willow Creek, I would state that I have this day written the Agent of Dominion Lands at Lethbridge to ascertain if the survey of Willow Creek has been made across the township mentioned. If so, I know of no reason why this sale should not be made to you; there may, however, be something recorded in the books of the Lethbridge Agency against the said lands which would prevent a sale being made to you. If the survey has not been made nothing can be done; but as there may be several other parties who desire to acquire lands bounded by Willow Creek it is possible that for a comparatively small amount, the survey could be done by a Dominion Lands Surveyor, at their expense whose notes would have to be approved by the Surveyor General. As there is no appropriation from Parliament for such purposes this year, I fear, this would be the only way in which it could be done.

Mr. Pearce, in his letters addressed to Mr. Curran Creer, and the Agent at Lethbridge, respectively, copies of which he forwards here, giving permission to Creer to purchase that portion of the South West quarter of Section 28, Township 9, Range 26 West of the 4th Meridian lying north of Willow Creek, mentions the fact of Mr. Wilkins, D.L.S. having been instructed to make the traverse of this Creek during the present season. The fyle of papers simply contains correspondence between Mr. Pearce to the said Agent and Mr. Creer and gives nothing further with relation to the consent of the Department. The land, however, according to the books here is clear and also in Mr. Ryley's office. It is land that adjoins Mr. Creer's homestead. Do you approve of the sale, if so we will write Mr. Pearce and tell him it has always been the practice of the Department that in all such cases these applications should be referred to the Department here.

Mr. Burpe has written under date the 20th ultimo, stating that Mr. R. Corbett, who holds the fractional S.W.¼ of Section 11, Township 14, Range 23, West of the 4th Meridian, has applied to have the fractional S.E.¼ of the west of the River added thereto, as the entire area of these two parcels will not exceed 160 acres. Memorandum;

S.E. of 21--[illegible]--11, W. 4th M.

Mr. Elzear Foisy in September, 1904, made a squatter's declaration before a surveyor in connection with the land above described, which had been at the time located by the Canadian Pacific Railway Company on account of its main line subsidy.

The Agent of Dominion Lands was advised that Mr. Foisy might make entry and the Canadian Pacific Railway Company [illegible] another quarter section in lieu of the land.

Mr. Foisy did not avail himself of the privilege and in July, 1910, Mr. Homestead Inspector Doze reported the said quarter section as occupied by one, Marcile Foisy, who settled there before survey. The Inspector stated that he had been informed by a neighbour that no such person as Elzear Foisy was known in the vicinity and expressed the opinion that Marcile Foisy was the person who had made declaration before the surveyor in the name of Elzear Foisy, he having estimated his homestead right in order to obtain title to the S.E. of Section 14, Township 55, Range [illegible] West of the Fourth Meridian, which he acquired in June, 1906, to Peter Quin.

A further report has recently been received in the matter, wherein Mr. Homestead Inspector Griffin sets forth that Marcile Foisy has been living on the land for the past 12 years and is still in residence, the improvements consisting of a frame house, value $300, log stable and granary, value $15, two miles rail wire fencing, value $125, well, value $5, log shed, $20, hen-house $15 and 70 acres crop, value $490. The Inspector states further; "As the entrant, Mr. Foisy was not at home I was unable to see him personally. His son who lives with him says that his father is desirous of purchasing the land. This land is now becoming valuable as it is situated in a prosperous settlement and would be a fair value at $8.00 per acre."

In a letter of the 1st instant, file No. 405207 herewith, Mr. Marcile Foisy states that he is the same person who earned title to the S.E. of Section 14, Township 55, Range.....

Sir,

I am to acknowledge your letter of the 14th instant with reference to the question of your right to a second homestead, and in reply to say, judging from the information furnished, you are not entitled to this privilege.

Under the regulations, the right of second homestead entry is restricted to persons who completed the duties to entitle them to patent for their first homestead prior to the 2nd June, 1889, and as you say that you did not make entry for your homestead until the 15th July that year, it will be apparent to you that you are not eligible.

I may add that the privilege of pre-emption and purchased homestead entry was withdrawn by Order-in-Council of the 20th March, 1908, and you are, therefore, not entitled to make entry for a quarter-section as a pre-emption.

With regard to your two sons, provided they have not already made entry and obtained patent for a quarter-section as a homestead, they will be entitled to homestead in the usual way.

Mr. Smart,

Mr. Pearce has forwarded a petition signed by nineteen settlers asking that the North East quarter of Section 18, Township 21, Range 1, West of the 5th Meridian, be reserved for stock watering purposes. The land at present is vacant, and I see no objection to it being included in the next list to be submitted to Council of lands to be reserved for shelter and stock watering purposes. The Orders-in-Council which have been passed during the last year reserving lands for the above mentioned purposes have provided that any of the lands described in the Schedule may be open for homestead entry provided it is found upon inspection that it would not be detrimental to the public interests to do so.

Intending settlers should clearly understand that the person acting as proxy must be the father, mother, son, daughter, brother or sister of the intending homesteader. No other relative will be permitted to act as proxy.

A pre-emption or purchased homestead entry cannot be secured by proxy.

Proxy entries cannot be made at a Sub-Agency.

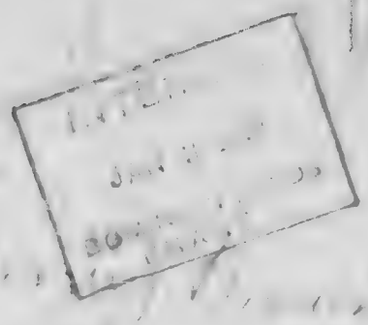

The homesteader on whose behalf such entry is made, must before the expiration of six months from the date of the entry appear personally before the Agent (not a Sub-Agent) and satisfy him by declaration as provided that he is already in residence or on his way to commence such residence, and in the latter case that he will be in residence before the end of six months. Should he fail to appear, the Agent must cancel the entry without notice at the end of six months from date of entry.

No extensions of time are granted in connection with unperfected proxy entries.

N.B. Under a recent ruling, the wife of the intending entrant may also be authorized to act as proxy.

Sir,

E. ½ 18-21-1-W.5th Mer.

I beg to acknowledge the receipt of your letter of the 14th ultimo, in connection with your desire to secure the above land for your son, who is on active service overseas, and in reply to say that this quarter section is at the present time reserved for stock watering purposes, and in consequence is not available for entry.

In the event of a report being received from the Ranch Inspector to the effect that this land is no longer required for stock watering purposes, it would, provided it is not required by the Irrigation Branch in connection with the better water supply scheme of Southern Alberta, and proved to be fit for agricultural purposes, be referred to the Soldier Settlement Board to be dealt with by them specially.

If reported unfit for agricultural purposes, it would be looked for grazing purposes under the grazing regulations.

Dear Sir, Your letter of inst. your file 40552 NRO 18 211 W5th.

I assume from the above mentioned letter from your Mr Nelson that the inspector has been asked to report on this quarter Let us correct rather set him straight in our view. This land is not near the So. Albrita irrigation scheme being but 19 miles South of Calgary.

I also believe he is taking a wrong stand in his last paragraph. This is not an agricultural quarter. It is hilly and broken land, strictly grazing. My point is that I for my son, have the right to this as a homestead irrespective of the Soldiers Settlement board and that the patent should be issued direct as he is the nearest soldier to it and the only one to whom the quarter is of any use to. Still I believe I have a right and that patent leading to a patent should be issued me without any red tape or loss of time. Let me know what is necessary to secure

Sir,

I beg to acknowledge the receipt of your letter of the 8th instant with further reference to your desire to have the North East quarter of Section 18, Township 21, Range 1, West of the 5th Meridian, which is a stock-watering reserve, made available for entry by your son, at present on active service overseas.

When a stock-watering reserve is cancelled the land does not become available for entry. Provision has been made whereby such land, if suitable for agricultural purposes and if it is not required for reclamation purposes, may be rented or leased by the Soldier Settlement Board on appropriate terms and conditions and the proceeds placed in a fund to be designated as the Soldier Land Settlement Fund.

An application for proxy entry must be made at the office of the Agent of Dominion Lands of the district within which the land applied for is situated. A Sub-Agent of Dominion Lands is not authorized to accept an application for proxy entry, therefore, I am returning herewith the requisition for entry by proxy which accompanied your letter of the 14th September, 1914. I also enclose herewith a handbook of the Homestead regulations which contains valuable information for intending settlers.

MEMORANDUM: Mr. Pereira.

The North East quarter of Section 15, Township 21, Range 1, West of the 5th Meridian, was reserved for stock-watering purposes by Order in Council of the 3rd May, 1906, but provision was made in the Order in Council authorizing the Minister to withdraw lands from the reservation. The Inspector of Forestry recently examined this land and reports that it is unfit for agricultural purposes and unsuitable for homesteading under the stock clause of the homestead regulations. He points out that it is no longer necessary for a stock watering reserve in the surrounding country is all fenced, there being no cattle on the range, and that practically all settlers have a good supply of water. He, therefore, recommends that this land be reserved for grazing purposes. The Reclamation Service report that this land is not required in connection with the Bow River water supply scheme, recommend the same be dealt with by the Forestry Branch.

I think, therefore, that the reservation of this quarter-section for stock watering purposes should be cancelled and the land reserved for grazing purposes under the Act. [illegible] in connection with the creation of stock watering reserves.

Your reference - TVD.26.

In reply to your letter of the 31st January and preceding letters in reference to the right of way across the above noted land.

I beg to say that it would be more in keeping with the policy of this Department for the Company to apply for a license of occupation, rather than letters patent, for the area required. Such license is granted under authority of an order in Council and would be for as long a period as the land is required for the purposes named in the license, and at an annual rental of $1.00 payable in advance. A fee of $10.00 is charged for drawing up the license.

On receipt of the application for a license of occupation from the Company together with the first year's rental and the above mentioned fee, this Department will immediately take steps to obtain the necessary authority for the issue of the license.

The Minister further recommends that the company be authorized to make an arrangement with any occupant of the surface rights of any lands, as aforesaid, for the acquisition by lease or purchase of the surface rights of such lands for the purpose herein set out, and in case the company cannot make an arrangement with the occupant for lease or purchase, the Agent of Dominion Lands for the district shall be authorized to determine what shall be the fair yearly rental of such lands under a lease, or the fair market value thereof under purchase, the term "fair market value" to mean the price ruling at the time of acquisition for similar surface rights in the same locality without enhancement of value owing to the existence of mineral thereunder.

The company shall not be entitled to acquire for well drilling purposes, without the consent of the occupant, more than one acre of surface rights in any quarter-section leased to it under the provisions of the Petroleum and Natural Gas Regulations, and for pipe line and all other works in connection with its operations it shall not be entitled to acquire without the consent of the occupant more than a strip of surface rights one rod wide across any quarter-section.

The compensation in case of dispute to be fixed by the Minister of the Interior. Such compensation to be made to the Crown and refunded to the occupant upon his becoming entitled to a patent for the land so occupied.

The Committee submit the same for approval.

Clerk of the Privy Council.

Ref 76,275 of 71,447 M. I. & Y

Certified Copy of a Report of the Committee of the Privy Council, approved by His Royal Highness the Governor General on the 4th April, 1912.

P. C. No. 784.

The Minister of the Interior submits, under date the 28th March, 1912, that the Canadian Western Natural Gas, Light, Heat and Power Company have acquired by assignment a number of leases under the regulations for the disposal of petroleum and natural gas rights, the property of the Crown, in the vicinity of Bow Island, Alberta; that they have incurred a very large expenditure in sinking wells and otherwise prospecting for petroleum and natural gas; that they have discovered a very considerable flow of gas; and that they contemplate piping this gas for the domestic supply of the towns and villages of Southern Alberta.

The Minister states that the company represent that it will be necessary for them to acquire under the provisions of their leases, rights of way for pipe lines and stations between the point of discovery and the several points at which this gas will be used; that it is of vital importance to them that they be permitted to promptly enter upon the lands described in their respective leases for the purpose of proceeding on boring operations, as well as to enter upon those lands across which their pipe lines will be erected, and they ask for authority to enter upon such lands for the efficient and economical operation of the rights and privileges granted them under their leases, as well as for the laying of pipe lines, [illegible] the erection of tanks and other structures necessary in connection with the [illegible] of the properties of their location.

The title to the [illegible] application is still in the Crown but has, to a great part, been granted upon subject to the reservation to the Crown of [illegible] mines and minerals which may be found to exist within, upon, or under such lands, together with full power to work the same, and for that purpose to enter upon, and use and occupy the said lands, or so much thereof and to such an extent as may be necessary for the effectual working of the said minerals.

In view of the [illegible] of fuel in parts of the Province to be served from this discovery, the great [illegible] expenditure which the company have incurred and are incurring, and the great public benefit which will result from the distribution of this gas, the Minister recommends that the company be permitted, upon application, to enter upon the lands described in its respective leases for the purpose of prospecting for petroleum and natural gas, also to enter upon any other lands the title to which is still in the Crown, and in connection with which the mining rights have also been reserved to the Crown for the purpose of installing, constructing and maintaining such pipe lines, buildings tanks-stations, *et cetera*, as are reasonably necessary in connection with the development of their location and the disposal of the products thereof; and that the company shall also be permitted to acquire by lease or purchase any portion of such lands as may be necessary for the efficient and economical carrying out of any or all of its operations as aforesaid, provided the company shall make proper and reasonable compensation for the surface rights of such lands as it may require and acquire in this connection.

Re N.E.¼ 18-21-1 W.5th M.
Our File TVD. 26.

We are in receipt of your letter of the 12th. inst., and note that it would be more in keeping with the policy of the Department to grant this Company a license of occupation.

In all previous similar cases the Department have granted us letters patent so that this Company has been able to have title registered in its name. Under the Trust Deed between this Company and The British Empire Trust Co. Ltd., it is provided that this Company shall execute a mortgage covering titles in respect of lands containing right-of-way for our transmission pipe lines, and it is for this reason that we have always acquired titles to the numerous strips of land for right-of-way purposes; the Trustee above referred to and this Company's Auditors insist that a mortgage be registered at the end of each year in favour of the Trustee including all land acquired by us during the year in respect of right-of-way.

Under the above circumstances we would therefore be much obliged if you could accede to our original request to grant us letters patent. Thanking you in advance.

Dear Sir,

I wish to ask a favor from you which I understand that you can grant as I have not made entry for the land that was abandoned in favour of my son and myself which consists of the S.½ of 24, 49, 27, W.4.M., the reason is that I have not been able to raise the money for the entry fee for them with the improvements & improvements being over $2000. so if you will allow me to make entry for the land for the usual fee of $10.00 for each 4 sec. and the improvements to be used for before we would get our patents, as I suppose that you are aware that there is very hard times here now & a great many people leaving because there is no work to do, and as I have to depend on my days work I make a start and a family to keep, if you could do a favour by trying to make a start it will be a great help to me.

Sir,

I beg to inform you that your application for patent for the S.W.¼ 2--55--1. It remains therefore for you to go into occupation of your own quarter there for six months in each of three years, and then renew your application. As the land has been standing in your name since June, 1897, it is advisable that no time should be lost in performing your duties.

Re: McKee George C
SW 2-33-1-5

The matter of an adjustment of the seed grain relief indebtedness outstanding against the above has been referred to the undersigned constituted to deal with cases in the Province of Alberta, and an investigation having been completed, I am in a position to furnish the following report.

The indebtedness, with interest computed to 31st March, 1942 is as follows:

Loan	Principal	Interest	Total
1896	$3.50	$8.31	$11.81

For which there is no security, the land having been unregistered and the debtor is either dead or cannot be located.

It is accordingly recommended that the indebtedness be written off as a loan and the account closed in the records of the Department.

All of which is respectfully submitted.

The Commissioner refers here the application of T. G. Wilson to purchase the North East quarter of Section 36, Township 8, Range 2 West of the 5th Meridian. This quarter section adjoins his homestead, the North West quarter of the same section, which he entered for on the 12th December, 1885. The land is vacant in the books here and in Mr. Ryley's, and I know of no reason why it should not be sold to him as the plan of the township shows it to be ordinary prairie land.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1908, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and if that is this is the only land for which you have obtained a homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands in the usual terms, provided he is aware of no reason to the contrary.

Sir,

I am directed to acknowledge your letter of the 25th ultimo, saying that you are desirous of making entry for the North West quarter of Section 25, Township 7, Range 2 West of the 5th Meridian, upon which you say you have resided for the past two years, and to inform you in reply that the quarter section in question is not open for homesteading, the part of it north of the river having been accepted by the Calgary & Edmonton Railway Company as a portion of that Company's land grant. The remainder is vacant but is not at the disposal of the Government for homestead entry.

Sir/-

H. A. Davies of Cunningham P. O. Alberta, writes me stating that he has taken up as a homestead the north west quarter of section 36, township 7, range 2, west 5th meridian. He has been refused entry for this quarter section, on the ground that it is claimed by the railroad. He says two other parties in the vicinity who have located on the railroad lands have made successful entries for their lands. This being the case he naturally wants to know why his entry will not be taken. I might say that if it is at all possible to make an exchange with the railroad so for the land now secured by Mr. Davies, it would be a very desirable transaction. Kindly let me have the facts in possession of the Department, and also the position the Department takes in this matter at your convenience.

By letter of the 26th of May last Mr. R. A. Davis wrote to the Department applying for permission to make homestead entry for the North West quarter of Section 25, Township 7, Range 2 West of the 5th Meridian, upon which he stated he had been residing for the past two years and made considerable improvements.

Mr. Clayton reported that all of Section 25 north of the river had passed to the Calgary & Edmonton Railway Company by Order in Council of the 2nd October, 1885.

In reply Mr. Davis was advised accordingly, and further that the remainder though vacant was not at the disposal of the Government for homestead entry.

Mr. Oliver, M.P., writing under date of the 14th instant, says that Mr. Davis has written him stating that two other persons in the vicinity who have located on railway lands have made entries for the lands settled upon by them, and that Mr. Davis wishes to know the reason why he will not be granted the same privilege. Gentlemen,

An application has been made by Mr. R. A. Davis, of Gillingham P.O., Alberta, for homestead entry for the N.W.¼ of Section 25, Township 7, Range 2, West of the 5th Meridian. The record shows that the portion of this quartersection North of the Old Man River has been transferred to your Company by Order-in-Council of the 2nd October, 1895, but that the remainder of the quartersection is vacant. There is nothing to show what your Company intends to do with regard to the part South of the River. May I ask you to inform me whether you have selected it, and if so whether you would be willing to allow it to go to Mr. Davis as a homestead.

OFFICE OF THE

LETTER No. 12.669
REFERENCE No. 9871

Sir:-

Replying to your favour of the 8th instant Ref. 405.847. As you are aware Parliament granted the Government the right to give the Canadian Pacific Railway their lands en bloc from Medicine Hat to Crowfoot Creek and subsequent negotiations between the railway and the Government led one to believe that if an irrigation scheme could be shown as feasible, starting from out of the Bow at Calgary, the Company might extend the taking of lands en bloc as far west as the 5th Meridian. It was further thought that the larger the blocks, the greater the probability of the scheme becoming a reality. In the autumn of 1895 the Government made certain surveys which demonstrated that the irrigation scheme referred to was feasible and, in fact, highly so. It was further felt that when the public learned this, all sorts of applications or speculation entries might be made, which would complicate matters. The fact of it having been unentered for for the past 12 years demonstrates that no grievance would arise from withholding it from entry for some little time longer. Any applications made at the Calgary Agency have been granted, as upon looking into the cases, it was found that they did not interfere with carrying out the scheme, nor do I know any reason why the N.W.t. of 34-12-6 west 4th M. should not be entered for. It was thought that mine of the 21st October 1895 No. 11.326 ad-

addressed you was sufficiently clear on that head.

Surveys are now being made by the Government with a view to the irrigation of the district mentioned, and even if the Canadian Pacific Railway does not undertake the scheme, probably some others may, and it is advisable it should not be marred by granting entries indiscriminately. It was never intended to withhold the vast majority of applications; but each application should be examined and if if the granting of it would mar the scheme, it should be refused. As a rule such entries will only be applied for by or on behalf of stockmen and we will have all of that class that this country will support, whether their applications are granted or not. A homestead entry will neither make nor break the average stockman.

Instrument of Cancellation.

Whereas a mistake has been found to exist in the body of the Dominion Lands Patent (Hom.) for all that portion of the North-West quarter of Section Thirty-four, in Township Twelve, Range Six, West of the Fourth Meridian, in the Provisional District of Assiniboia, in the North-West Territories, in Our Dominion of Canada, to James Brier, of said Township Twelve, Rancher, and dated 5th September, 1901, Wherein by wrong description the land thereby intended to be granted is described as above, whereas in truth and in fact it should have been described as all that portion of the said Section, which is not covered by any of the waters of the South Saskatchewan River.

Now therefore, by virtue of the powers and duties conferred upon and vested in me by Section 55 of Chapter 54 of the Revised Statutes of Canada, I do hereby direct the said patent to be cancelled and a correct one to be issued in its stead, which correct patent shall relate back to the date of such cancelled patent.

By Order-in-Council of the 12th October 1889 all of the S.½.of Section 2 Township 7 Range 1 west of the 5th Meridian ~~x~~ excepting the S.½.of Legal Subdivision 4 thereof was reserved for stockwatering purposes and shelter for stock also for the crossing of stock on the South Fork of Old Man's River.

It has been reported by the Homestead Inspector that you are settling on the reservation in question, it is, therefore, my duty to ask you to immediately remove any buildings, fences, or other movable improvements which you may have made on the said land.

You knew or could easily have ascertained from the Agent at Lethbridge whether or not this land was open for settlement.

It is also reported that many, like yourself, think that by taking possession of such lands, you will in time get patent therefor; if such be the case, I would desire to point out to you that you are labouring under a great mistake. The stock interests of your district are at

[illegible] the matter's existence is to interest [illegible] not the claims of ~~illegal~~ squatters on reserves like yourself. It was your duty to have effected entry before taking possession of the land; the mere fact of your being illegally in possession for five or six years gives you no claim either in law or equity to such land. You have been utilizing what you [illegible] to your own.

The first time I am in your neighbourhood, that will probably be before the 1st January next, I shall endeavour to satisfy myself as to whether or not entry can be granted you for this land or the portion you now occupy without interfering with the object of this reservation. It is, however, my duty to point out to you, that if reservation lands are made, there may be considerable difficulty in having the same removed, particularly in the cases of such parties who, in defiance of such reservations, have illegally taken possession of the same. A little reflection will, I think, convince you that no reservations could be maintained if squatters were to be allowed to remain on lands parallel with same.

Sir,

In the returns from the Lethbridge Agency it appears that on the 3rd instant you made Homestead entry for the N. 1/2 of L.S. 6,7 & 8, the S. 1/2 of the S. 1/2 of L.S. 11 and all that part of the N.E. 1/4 of the same Section (viz. 2 Tp. 7 R. 1 W. 5th) lying east and south of the South Fork of the Old Man's River.

It is reported that some buildings and fencing claimed by you lie outside of the portion entered, which prevents the utilization to its fullest capacity of that portion of said section reserved for Stock Watering and Shelter. You are hereby notified to lose no time removing any improvements you may claim which lie outside of the portion so entered, so that by next Autumn and Winter the reservation mentioned may be utilized to the greatest possible extent. I may further add that this request will be fully enforced.
